

DONATION REQUEST LETTER

Dear _____,

On April 3, 2026, I'll be participating in the New Orleans Triathlon. While I'm excited for the challenge, I'm racing for something greater than the sport itself. With the support of Team Gleason, I've committed to swim, bike, and run on behalf of those living with ALS.

Since 2011, Team Gleason has provided over \$55 million in technology, equipment, care services, and adventures for people with ALS. They also partner with leading tech companies to create accessible solutions and advocate for those affected.

My goal is to raise \$_____ to support the programs and services offered that Team Gleason offers to those living with ALS. Your donation will help:

- Improve life for people living with ALS by delivering innovative technology and equipment
- Provide an empowering life experience through the Team Gleason Adventure program
- Collaborate with leading technology companies to innovate and develop accessible solutions for those living with ALS

These are just a few of the ways your gift can make an impact. I hope you'll consider supporting me with a donation of \$_____. Every dollar helps me push harder and race with purpose.

Thanks for your support.

Sincerely,

Your Name
